Small  
upto 250 sq ft  
not compatible with SensorPod

## Senses pollutants

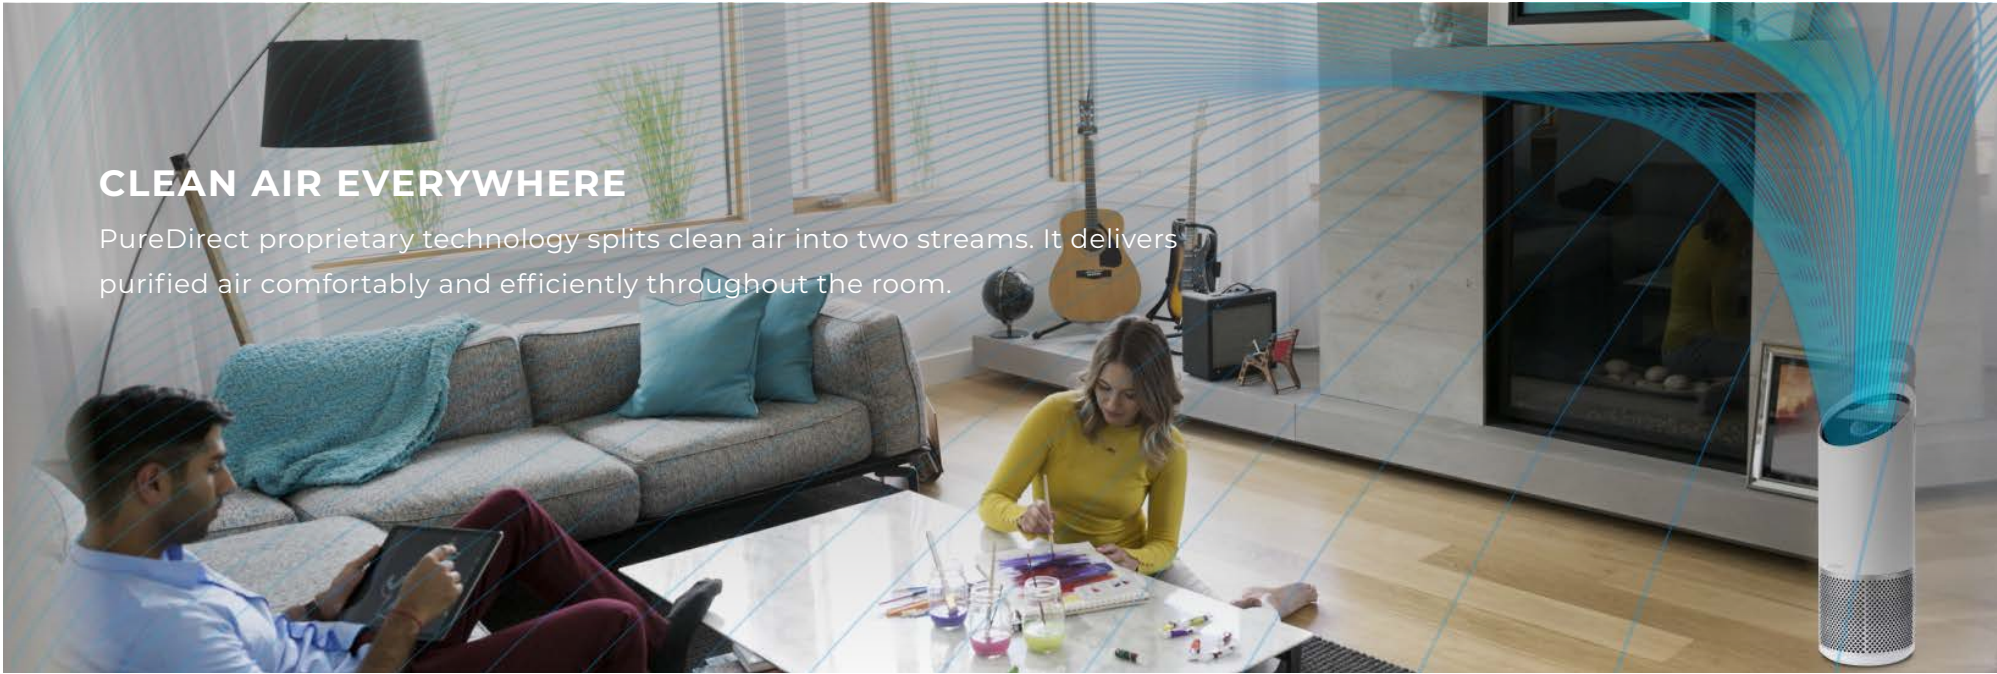

Benefit from clean air everywhere, not just near the purifier. Placed across the room, SensorPod measures pollutants and communicates results back to the purifier. This ensures that the entire room has cleaner air.

## Responds to your air

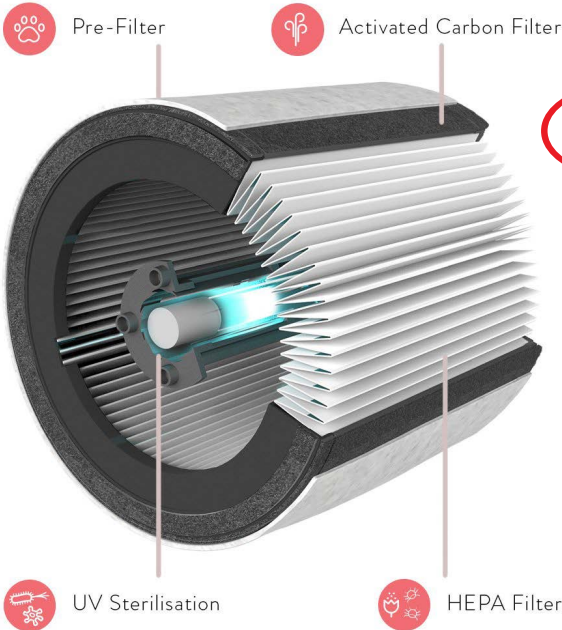

Know when your air is good, moderate or poor. SensorPod air quality readings are displayed on an illuminated disc. This gives you peace of mind that TruSens is responding and doing its job.

## CLEAN AIR EVERYWHERE

PureDirect proprietary technology splits clean air into two streams. It delivers purified air comfortably and efficiently throughout the room.

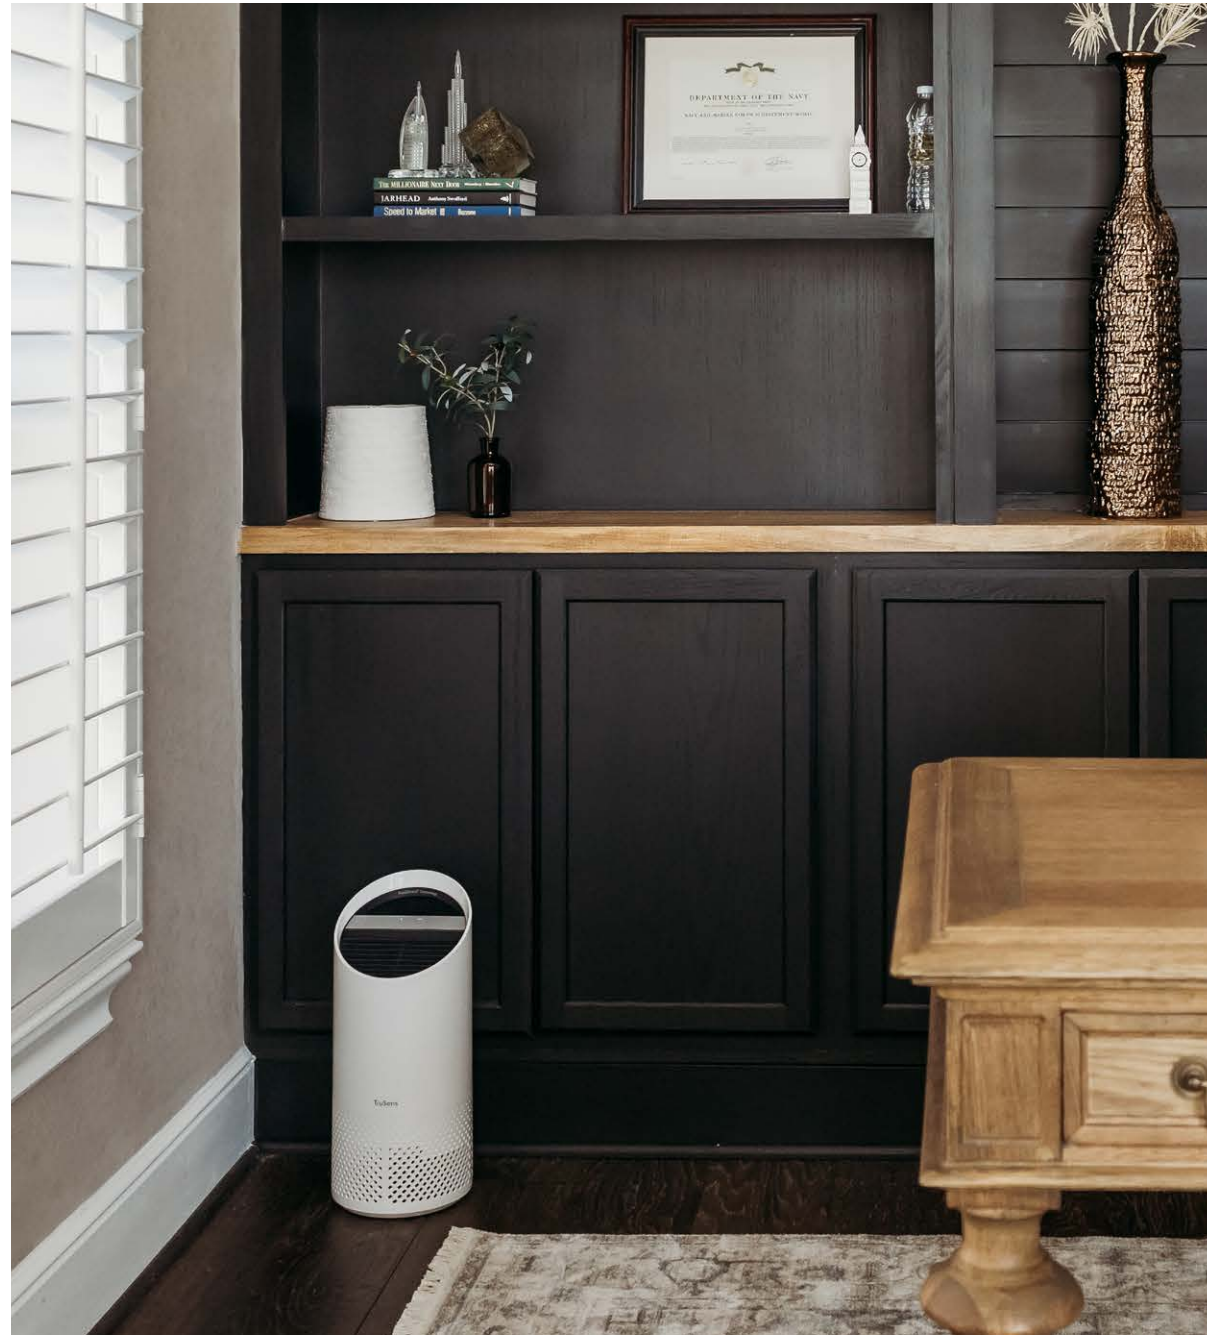

### Captures and destroys pollutants\*

360 degree DuPont™ filtration captures common pollutants such as allergens, VOC gases and microscopic particles. UV-C light kills germs and bacteria trapped in the filter.

*\*In laboratory testing, UV-C lamp killed >98% of Staphylococcus and Psuedomonas aeruginosa.*

# TruSens Z-1000 Air Purifier

Technologically advanced air purifier with DuPont filtration reduces pollutants in your personal space and improves your home air quality. The sleek design and compact style are ideal for any small space.

## Feature Highlights | Z-1000

### PureDirect™ Technology

Independent lab testing confirms that two airflow streams are better than one, moving air effectively and more comfortably throughout the room.

### 360° Purification

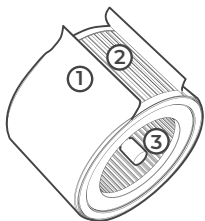

DuPont™ HEPA filter captures pollutants and VOC gases/odors from all directions. UV-C light destroys germs and bacteria that can get trapped in the filter.

### Thoughtful Execution

Exceptional functionality wrapped in a contemporary design that fits any environment.

## Filter Replacement

	Filter Type	Suggested Replacement	Item Number
①	Carbon Prefilter	Every 3-4 months	AFC-Z1000-01 (3-pack)
②	HEPA Drum Filter	Every 12-15 months	AFH-Z1000-01 (includes ① and ②)
③	UV Bulb	Every 2-3 years	UVL-Z1000-01

\*Replacement indicator will glow red on control panel to notify you to change

## Product Specifications

Type	Standard Air Purifier
Air Delivery Type	PureDirect
Purification Levels	Carbon Filer, HEPA Type Filter, UV
Auto Mode	No
Filter Change Indicator Type	Carbon, HEPA,UV
Dimensions	7 x 7 x 17 in (195 x 195 x 451 mm)
Motor Type	AC Motor
Weight(KG)	4
Hertz	50
Pack Quantity	1
Sensor	Not Included
Air changed 2 times per hour	250 sq ft
Fan Speeds	3
Dimmer Mode	No
Detailed Color	White
Watts	40
Noise Level	39 - 65 dB
Period of Warranty	1 Year
Size	Small
Volts	230

# TruSens

## Z-2000 Air Purifier

Contemporary air purifier combines DuPont filtration with a unique approach to delivering cleaner air. Sensing the air around you, TruSens automatically adjusts to the conditions of your air and is engineered to distribute purified air more effectively.

## Feature Highlights | Z-2000

### SensorPod™

Remote air quality monitor that ensures cleaner air right where you need it.

### PureDirect™ Technology

Independent lab testing confirms that two airflow streams are better than one, moving air effectively and more comfortably throughout the room.

### Informs and Adapts

Color-coded illuminated ring provides additional information by communicating air quality in real-time.

### 360° Purification

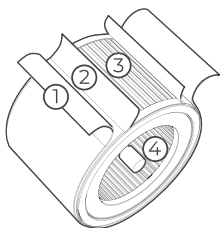

DuPont™ HEPA filter captures pollutants and VOC gases/odors from all directions. UV-C light destroys germs and bacteria that can get trapped in the filter.

### Thoughtful Execution

Exceptional functionality wrapped in a contemporary design that fits any environment.

## Filter Replacement

	Filter Type	Suggested Replacement/ Cleaning	Item Number
①	Washable Prefilter	Hand wash as needed with water	Not sold separately, see HEPA Drum Filter
②	Carbon Filter	Every 3 - 4 months*	AFC-Z2000-01 (3-pack)
③	HEPA Drum Filter	Every 12 - 15 months*	AFH-Z2000-01 (includes ① ② and ③)
④	UV Bulb	Every 2 - 3 years*	UVL-Z2000-01

\*Replacement indicator will glow red on control panel to notify you to change

## Product Specifications

Type	Standard Air Purifier
AQI Indicator	Numeric & Colour Display
Air changed 2 times per hour	375 sq ft

# Specialty Filtration Solutions

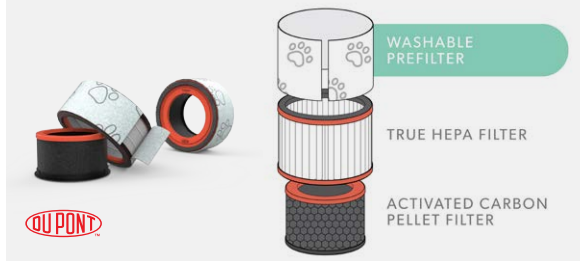

## Odor Filter

The Odor Filter with True HEPA drum is specially designed with a larger amount of activated carbon. Carbon pellets removes common cooking and cleaning odors, and reduces VOCs.

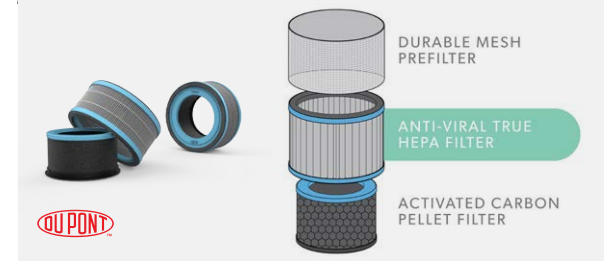

## Pet Filter

The Pet Filter with True HEPA captures up to 99.97% of pet dander and helps eliminate common pet odors so you can breathe cleaner air in your home.

## Allergy & Flu Filter

Help protect your family from the flu and year-round allergies. The Allergy & Flu Filter with Anti-viral True HEPA captures 99% of airborne allergens and viruses, and helps inactivate the H1N1 virus.

# CUSTOMISE YOUR AIR PURIFICATION WITH THE BEST FILTER THAT MEETS YOUR NEEDS. TRUSENS CARES.

Replace all-in-one filter set every 12 - 15 months and replace the carbon filter (depending on the usage\*).

Change HEPA indicator glows red on your air purifier when the filter needs to be replaced.

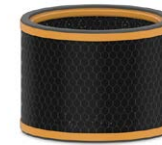

Compatible with all TruSens Air Purifiers.

## Odor Filter

\*Specialty Filters contain denser carbon pellete layer that allow longer estimated filter life expectancy from the standard.

## reddot award 2019 winner

The Red Dot Design Award is one of the world's most prestigious product and communication design awards. It is recognized by the Design Zentrum Nordrhein Westfalen in Germany and has played an important role in the promotion of design around the world since 1955.

The mission of the Red Dot Design is "In search of good design and innovation", and their jury comprises of internationally qualified professionals such as designers, university professors or specialist journalists. Designers and manufactures from 55 countries submitted more than 5,500 awarded products in the competition. The Red Dot distinction is awarded to products that feature an outstanding design.
